

Wart Hog HEPA Vacs

Available in both **electric** and **pneumatic**, the Wart Hog Series HEPA vacs are an ideal solution for dustless sanding, dust extraction, and general cleanup. They are designed for the removal of coatings containing Hexavalent Chromium (Cr VI), lead, cadmium and other heavy metals, carbon fiber, ceramic dust, fiberglass and mold. These units are extremely portable, lightweight and feature extra heavy duty components that ensure long life and extreme durability for industrial and military environments.

The Wart Hog HEPA Vacuums incorporate Safe Filter Change unique to Clayton.

This means technicians can open the filter compartment and change the primary vacuum filter without protective gear or exposing other workers and environment to hazardous dust.

Pneumatic Vacuums

Features

- Tough impact-resistant poly tank withstands rough use and chemical/biological exposure
- Self closing vacuum port prevents hazardous dust from escaping when not in use
- Industrial pneumatic power head for both 5 and 15 gallon units
- Screw on HEPA filter captures 99.97% of particles 0.3µm and larger
- Pre-filter protects HEPA for longer life

Includes

- HEPA filter
- Bag filter 5 pak

Wart Hog Pneumatic Vacs

Model	NSN	Tank Capacity gal (liters)	Consumption	CFM (lpm)	Vacuum "H2O (mbar)	dBA	HP	Weight lbs (kg)	Price
WH-105-4		5 (19)	60 CFM @ 90 PSI (1699 lpm @ 413Pa)	105 (2973)	180 (447)	79	-	23	
WH-115-4		15 (57)	60 CFM @ 90 PSI (1699 lpm @ 413Pa)	105 (2973)	180 (447)	79	-	44	

WH-105-4P Available with rubber cup feet

Wart Hog Large Capacity

Available in Air and Electric, our 30 gallon Wart Hog provides that extra capacity for big jobs. When it's time to empty, our filter bag includes forklift straps for easy lifting and removal.

Features

- Powder coated steel tank
- Self closing vacuum port prevents hazardous dust from escaping when not in use
- Electric Heavy duty 2 HP power head (120VAC @ 11A) or pneumatic power head
- Screw on HEPA filter captures 99.97% of particles 0.3 µm and larger
- Pre-filter protects HEPA for longer life

Includes

- HEPA Filter
- Bag Filter 5 pack
